INTRODUCTION

This "Catalogue of Drawings for Wrought Ironwork" is an enlarged and revised edition. It has been divided into 15 sections, for easy reference, each with a title page listing the dimensions of the drawings in the section. It is nearly always possible to modify these sizes if they do not suit a particular requirement, in which case an extra drawing fee will be involved.

To order a drawing, simply state the number in the catalogue and enclose the remittance. A full-size drawing will be sent (together with a scale print in the case of large pieces, such as double gates, etc.).

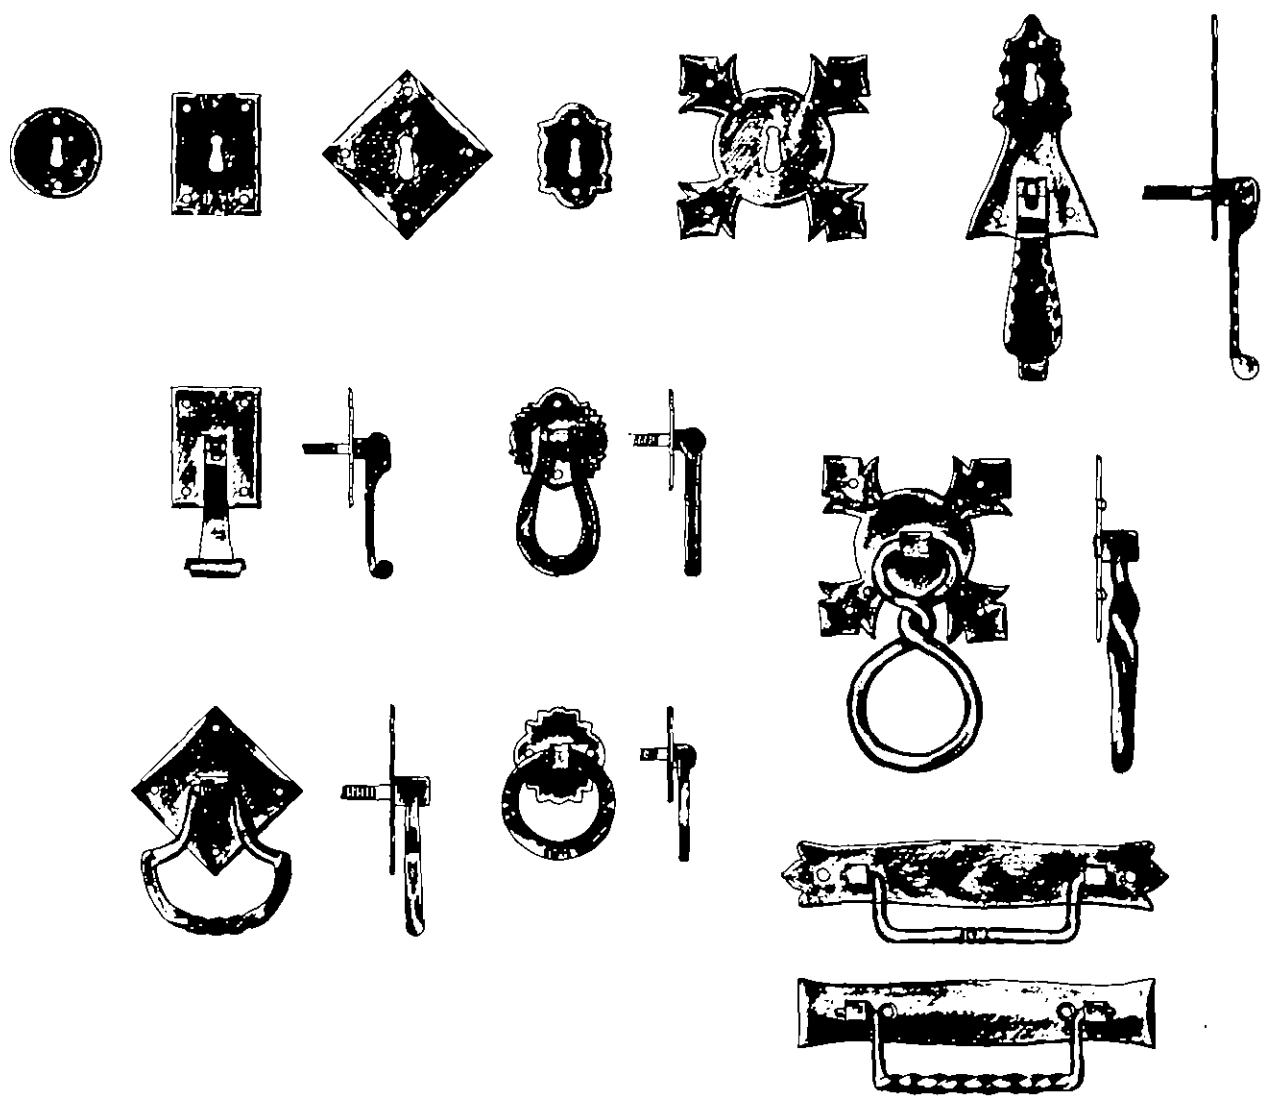

The catalogue illustrates a large variety of ironwork, developed over many years. It is appreciated, however, that it will not fulfil every requirement, and the Commission will gladly estimate for, and undertake, special drawings on receipt of a rough sketch or description. It is important to give accurate dimensions, particularly when the piece has to fit a permanent fixture, such as gates to be hung between existing piers, etc.

The drawings and catalogue illustrations are the copyright of the Commission, and only in exceptional circumstances will permission be given to reproduce them. Permission must be obtained in writing.

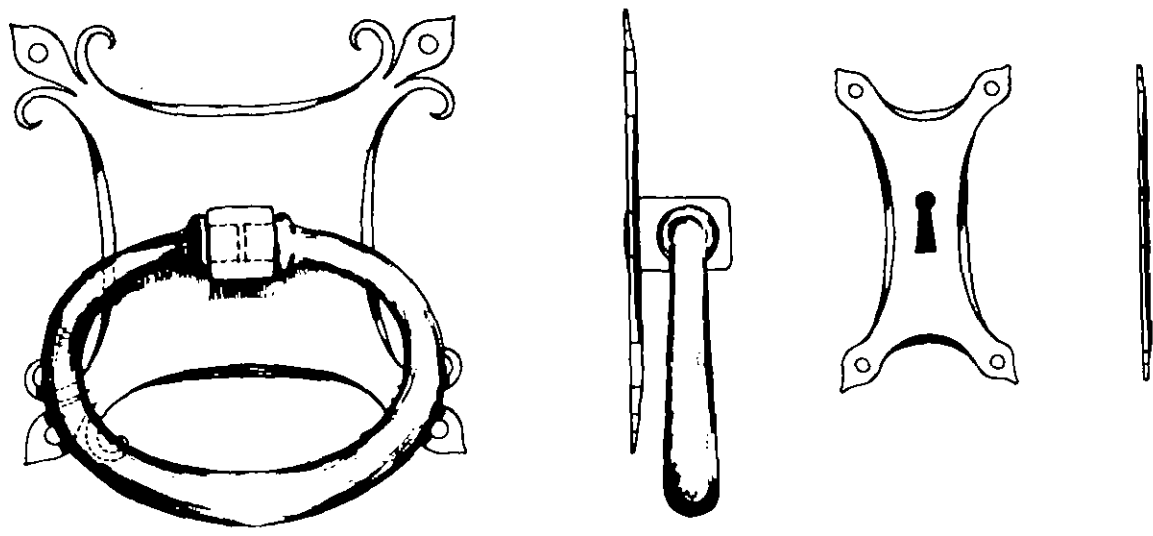

A current price list is enclosed. It will be revised from time to time.
